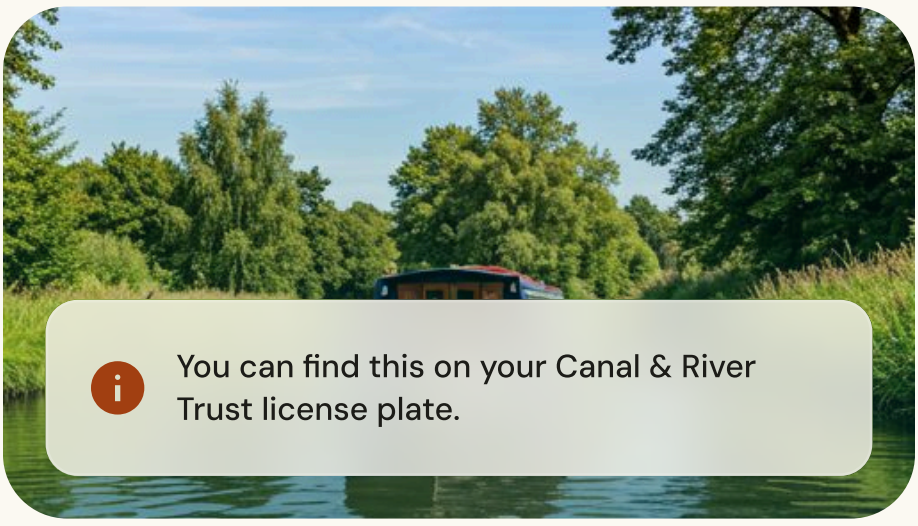
STEP 03

Final Step

Add your boat

Community Trust
Adding your boat allows you to use more of the app and receive messages, but you can block others you don't want to see.

Every boat on UK waterways has a unique index number. By adding your boat info you can receive messages others may have given your boat for safety or navigation help.



You can find this on your Canal & River Trust license plate.

BOAT INDEX NUMBER

E.G. 524310

BOAT NAME

Name of your vessel
